Dietary requirements:

The Greek Meze meal is slightly adjustable (i.e. take out taramosalata and add beetroot mouse) after discussing with the Head Chef. However, this particular set meal cannot fully cater for Gluten free dietary needs or Vegans. We recommend guests with allergies to talk to our staff and read our Allergen menu. Guests with allergies that are part of a group are encouraged to choose their meal from the normal menu. There is a separate Vegetarian Meze menu you can choose.
